HIGH SCHOOL BUILDING.

High School Department

THE COLLEGE OF THE IMMACULATE CONCEPTION is conducted by the Fathers of the Society of Jesus. It was founded in 1847, and for the six decades and more of its existence it has sent forth graduates to fill posts of responsibility in every honorable walk of life.

In the fall of 1911, on the completion of the college building, Marquette Hall, of Loyola University, the Faculty transferred thither the College classes, retaining the High School Department at the building on Baronne Street.

The building offers every advantage for its present status, both on account of its spacious room, previously occupied by the college classes and now devoted solely to those of the High School, and on account of its location, being within a distance of only a few paces from all the important street cars in the city, while two of the principal car lines pass in front of the Baronne street entrance.

General Plan.—The High School Department is primarily a school preparatory for admission to Loyola University, and leads naturally to the College course at Marquette Hall. At the same time the course of studies offers as full and complete a training as can be had in any of the best High Schools in the country; and while a long and varied experience has shown that no Academy or High School can supply what is essentially the work of a college in preparing for the higher studies of the University, the entire training and the graded course of studies pursued in the High School Department offer to every student as thorough and complete an education as can be obtained within the short term of a high school course.

The Faculty recognize the fact that intellectual training does not by itself constitute education, but that this latter is formed of a triple element, that the training must be both physical and moral, as well as intellectual. Wherefore all possible opportunities consistent with the required application to study are offered for physical culture and athletic exercises, and a complete moral training extends over the entire course. The Catholic Religion alone is taught and practiced in the School, but non-catholic students, of whom there has ever been a goodly number in the College, are always welcome. Such students are not asked to take part in the Religious exercises of the School.

Entrance Requirements.—Candidates for admission to the High School, if not already known to a member of the faculty, must present a testimonial of good moral character. Students who have completed the eighth grade in a Parochial or Public school are eligible for admission, and certificates of such schools of good standing will be accepted. Those who have not such certificates will be required to pass an examination, the subject matter of which can be had on application. Entrance examinations are held each year in June and at the beginning of September. Candidates that win the highest honors in the June Examination secure thereby the scholarships for the High School course which are open that year. Arrangements for these examinations should be made at an early date.

Regulations.—Regularity in attendance and diligent application to study are essential for success, and parents are called upon to see that both are attended to.

Each student is daily assigned work sufficient to occupy him for at least three hours at home. Failure to accomplish this work, as well as absence, for any cause whatever, from any part of the daily classes, will not be excused without a petition to that effect from the parents or guardians; and these petitions should not be made without grave cause.

Each student is required every month to give proof, in a written test, of his progress in every branch that he studies. A report of these tests is sent home every month, to be signed by the parents and returned to the Vice-President. Parents should demand these reports at the close of each month, and confer with the Vice-President if they are not forthcoming.

The Rules of politeness, as a part of the education of youth, are rigidly insisted upon, and their violation will subject the offender to suspension, or even to dismissal. Anything bordering on immorality will be visited with summary expulsion.

Luncheon is served on the premises, and no student is allowed to be absent during the time of lunch. Parents are requested not to petition for their sons an exemption from this rule.

Smoking on the premises, or in the immediate vicinity thereof, is strictly prohibited.

Injury to the school property will be repaired at the offender's expense.

The High School is open to day scholars only. Boarding in the city, unless it be with relatives or intimate friends, is not recommended to applicants living at a distance.

The weekly holiday is Saturday.

Classes begin daily at 9 a. m. and end at 3 p. m. Catholic students are required to be present daily for morning prayer at 8:45 a. m. The Catholic students are also required to receive Holy Communion in a body once a month.

Premiums.—Two premiums for excellence are conferred in each class at the close of each term. At the end of the second term two are awarded in every class for each of the studies pursued. Also at the end of the second term Gold Medals are conferred as follows: Two for Christian Doctrine; one for Latin; one for English; one for History (in IV year only); two for mathematics; one for Science (in IV year only);

two for Elocution ; one for Sanctuary Service ; one for punctual attendance, and one for excellence in deportment ; a medal for penmanship is awarded in Grammar School only.

Course of Studies.—The course of the High School extends over a period of four years, at the successful conclusion of which a certificate is awarded.

The studies embrace a course in Christian Doctrine, Latin, English, Greek, Algebra, Geometry, Physical Geography, Biology, Elementary Physics and Chemistry, and Elocution. All these studies are compulsory, and necessary as a condition for obtaining the certificate, the Faculty being convinced that the system of allowing young boys select their own course of study is an experiment often tried and long ago found wanting.

In addition to these studies each student is required to pursue a two year course in either French, Spanish, or German Typewriting, Stenography and Book-keeping are offered as extra courses.

Examinations in all the branches are held at the end of January and in June. Promotion depends on the average note secured in these examinations and in the monthly tests. In order to be promoted students are required to attain at least 70% in every branch. This rule is absolute. Students who have failed to secure this percentage during the year will be allowed an examination (*in writing*) in the beginning of September, provided the general average of all their marks is not less than 70%. In the case of one who has failed to secure this general average the Faculty deem withdrawal preferable to promotion.

Grammar School

The Grammar School is a preparatory school for students whose previous studies have not sufficiently fitted them for admission to the High School Department. Students must have completed at least the Sixth Grade of a primary school, or its equivalent, in order to be admitted to it, and the amount of time they will be required to spend in it will depend upon their diligence in mastering the studies of its curriculum.

The full course of this department extends over a period of two years. Promotions from the first to the second year class may be made during the year, in February; but no student is promoted from Grammar School to High School except at the end of the year, after successfully passing the June examination in the studies of the second year.

The school is conducted in a building distinct from that of the High School, with separate play-ground, etc. The students are subject to the same general regulations as those of the High School.

The Story of the Play.

Mr. Ebenezer Packingham is looking for a "freak or fad" which will enable him to win the recognition of high Society in New York. His son Charles, after a foot ball game, followed by some student pranks, comes to his father's house early in the morning accompanied by a theosophic Barber, A. Keene Shaver, who has divided his time between the razor and the study of "The Light of Asia." Charles introduces him as a "genuine Indian Pundit of the Order of the Yellow Robe," and Packingham at once engages him as a "fad." Invitations are issued for a reception where Society may become acquainted with this new apostle and his mysterious cult.

The incidents arising from this venture form the basis of the play.

The scene, a room in Packingham's Mansion.

Scholarships

The Scholarships for the High School Department are of two kinds, course scholarships and perpetual scholarships.

A course scholarship entitles the holder to the four year course of the High School Department, and a certificate on its successful completion. By means of such scholarships deserving students, selected by the donors of the scholarship or by the College authorities, or by competition, are enabled to make the full High School course. These scholarships are sixty dollars per year.

But course scholarships, by their very nature, cease with the graduation of the holders. What is practically needed and most desirable is the foundation of perpetual scholarships, that is, an endowment sufficiently large to yield an annual interest that will cover the yearly tuition fees of one student. These endowed scholarships are estimated at \$1,500.

The following are among those who have given scholarships :

PERPETUAL SCHOLARSHIPS.

THE MARINONI FAMILY.

MRS. WILLIAM AGAR,

MR. HUBERT MURRAY,

COURSE SCHOLARSHIPS.

MR. PETER F. PESCU,

MR. GEORGE GLOVER.

Acknowledgments

The President and Faculty wish to express publicly and in an especial manner, the gratitude with which the College recalls and cherishes the memory of its past and present benefactors. The Messrs. Bernard, Patrick and Hugh McCloskey have, at their own expense, erected the superb College Annex now occupied by the Grammar School. The Thomas J. Semmes Memorial Chapel is the Munificent Gift of a noble wife fittingly perpetuating the memory of her illustrious husband in the College he loved so well.

The College also desires to express its gratitude to Mrs. S. B. Denègre, Mr. J. B. Levert, Mr. Nicholas Burke, Mrs. N. Hanton Burke, Mr. Lawrence Fabacher, Mr. Joseph Burguières, Mr. Francis R. Johnson, Mrs. Andrew Johnson, Mr. James Sinnott, Mr. Anthony Vizard and other true friends who generously contributed to the building fund.

The College hopes that these noble examples will arouse in others, blessed with ample fortune, the desire to emulate the above-named donors and to advance the cause of Christian education, by assisting in the construction of the contemplated Science Hall and other buildings forming an essential feature in the original plan.

The President and Faculty express their grateful acknowledgment also to the various departments of the U. S. Government and of the Smithsonian Institute for contributions to the College Library and Museum.

To Georgetown University, Washington, D. C., for a scholarship in the Law or Medical Department.

To Tulane University for two scholarships in the College of Technology.

To Mr. Alonzo J. Woodville for a scholarship in the New Orleans College of Oratory.

To Dr. Paul Reiss, Dr. Charles Landfried, Dr. M. Van Wart, Dr. William Schepgegrell, Dr. Denègre Martin, Dr. Waide, Dr. Charles Faget, for professional services.

To the College Orchestra for the musical program of the various college entertainments.

To the donors of Medals given for excellence in the different studies,

To the kind "Friend" of the College for her generous assistance in equipping the gymnasium.

To Mr. F. Allain and W. L. Botts for contributions to the Library and Museum.

To Mr. William Beer, Librarian of the Howard Library for numerous acts of kindness.

To the local press for numerous acts of courtesy.

To Charles B. Eble Florist for palms, ferns and flowers on many occasions.
